Vaninetti, Juan Francisco

I like challenges doing sports and learning new skills that can improve my abilities to adapt in any environment of work.

My free time is invested in art and designs, which is my hobby and passion, also with friends and social activities.

EXPERIENCE

Startup project, Tandil — *Tester*

December 2019 - July 2020

Manual testing for a personal project raised by a group of 3 developers that are working in a real state application. Working under an agile environment using Kanban. Responsibilities:

- Test Case creation (gherkin)
- Defect/Bug reporting
- Documentation
- API testing (Postman)
- UI testing
- Git

EDUCATION

Web Applications Development degree , Tandil —

At National University of the Center of Buenos Aires province

Año 2020 (actually doing this degree)

College Nacional J.M.E (Juan Manuel Estrada) , Necochea — *Bachelor in Natural Sciences*

Promotion year 2005

PROJECTS

Web Applications Development — *TUDAI*

My project starts moving to Tandil city looking for new challenges. Searching for work that helps me economically and develop my skills in the IT area while continuing with studies. Main goal is to be a full-stack developer.

SKILLS

JavaScript – Angular Php - HTML - CSS - phpMyAdmin

Java – MySQL

Knowledge of Agile methodologies - Scrum - Kanban
